AREA I GOVERNANCE

	RECOMMENDATIONS	ACTION/S TAKEN
1	The university charter is obsolete and needs updating through IRR (University Code). The IRR currently in existence needs to be reviewed to better articulate the current set- up and changes made in the mandate and the policy guidelines set by the Government Regulating bodies like CHED, DBM, COA, CSC, and other government institutions.	*Issuance on the Constitution of the TWG tasked to review and revise the BU Code of 2016; *The Administrative and Academic Councils endorsed the Proposed Revised BU Code to the Board of Regents *Review and amendments to the BU Code 2016 by the TWG; * Presentation of the Proposed Revised BU Code to the BU Administrative Clearing House; * Presentation of the Proposed Revised BU Code to the Administrative Council; * Presentation of the Proposed revised BU Code to the Academic Council
2	There is a need to strengthen Disaster Preparedness and Risk Mitigation considering that the university is located in a hazard- prone area particularly volcanic activity, typhoons, earthquakes, and other calamities.	*Issuance of Administrative Order No. 750, s. of 2023, constituting the University Disaster Risk Reduction and Management (DRRM) Committee; *Issuance of Administrative Order No. 949 s. of 2024, reconstituting the University Risk Rwduction and Mnagement (DRRM) Committee
3	Regular meetings of the finance personnel particularly the accountants in order to update them with new reforms, policies and standards in the accounting system for uniform implementation throughout the university is recommended.	Conduct of regular and special meetings of the Fianance Division, specificlly the Accounting, Budget, and Cash Sections
4	There is a need to act on prior years Audit Observation Memoranda to avoid the inclusion of the same observations in the future.	Issuance of AOM Committee and conduct of meetings to discuss the Audit Observation Memoranda
5	The accumulated damages as a result of negative slippages by some contractors may be programmed to fund extra work orders of the projects where these liquidated damages arose prior to its reversion in the National Treasury.	
6	In order to improve the strategies implemented to develop awareness and improve management of risk in administrative, financial and academic affairs, a survey or research may be conducted on its acceptability and effectivity. A survey or research may be conducted on the effectivity of strategies implemented by the university and on the use of Information Communication Technology in administrative, financial and academic affairs.	

7	A program to develop awareness on the responsible use of computers, gadgets and other equipment that expose individuals to radiation may be prepared and implemented for the mental health and physical wellness of students and all those using the ICT equipment.	

E AND MANAGEMENT (including resource generation)
