AREA II

TEACHING, LEARNING and EVALUATION

PARAMETERS

A. Setting and Achieving Program Standards

B. Program Approval

C. Program Monitoring and Review

D. Action to Strengthen Program

E. ICT Resources

SUC : Bicol University

Campus : Main Campus

Date of Actual Survey : _____

AREA II: TEACHING, LEARNING AND EVALUATION

RATING SCALE						
NA	0	1	2	3	4	5
-	-	Poor	Fair	Satisfactory	Very Satisfactory	Excellent
Not Applicable	*Missing*	*Criterion is met minimally in some respects, but much improvement is needed to overcome weaknesses (75% lesser than the standards)*	*Criterion is met in most respects, but some improvement is needed to overcome weaknesses (50% lesser than the standards)*	*Criterion is met in all respects (100% compliance with the standards)*	*Criterion is fully met in all respects, at a level that demonstrates good practice (50% greater than the standards)*	*Criterion is fully met with substantial number of good practices, at a level that provides a model for others (75% greater than the standards)*

Indicators	Item Rating (IR)	System – Implementation – Outcome Mean (SIOM)	Parameter Mean (PM)
PARAMETER A: SETTING AND ACHIEVING PROGRAM STANDARDS			
SYSTEM – INPUTS AND PROCESSES			
Setting of Objectives and Learning Outcomes			
S.1. Academic programs have clearly defined objectives and learning outcomes.	5.0		
S.1.1. The objectives and learning outcomes of a program are aligned with the institution's Vision, Mission and Goals.	5		
S.1.2. There is a clear articulation of how the programs develop the attributes/desired competencies of its ideal graduates.	5		
S.2. Degree programs meet the specific program outcomes/ competencies and standards stipulated in the PSG of the CHED.	5.0		
S.2.1. The curricular programs are consistent with the institution's vision and mission and also with local, national and global development goals.	5		
S.2.2. The curricular programs are supported with appropriate, updated and innovative learning processes and resources.	5		

Indicators	IR	SIOM	PM
S.3. There is a process being followed in the preparation, deliberation, and approval of the new/revised curriculum.	5.0		
S.4. There is a process being followed in the preparation, evaluation, revision and approval of the syllabi.	5.0	5.0	
IMPLEMENTATION			
I.1. Program objectives, targets or results are understood by stakeholders.	5.0		
I.2. Faculty translate objectives and learning outcomes in the teaching of their courses.	5.0		
I.3. The institution establishes and maintains comparability of standards with other providers of similar/equivalent programs.	5.0	5.0	
OUTCOME/S			
O.1. The institution have well-designed academic programs..	5.0		
O.2. Program objectives and outcomes are achieved.	5.0		
O.3. Curricular program objectives and outcomes are compliant with CHED requirements and to the institution's vision, mission and goals.	5.0	5.0	5.0
Best Practices:			
PARAMETER B: PROGRAM APPROVAL			
SYSTEM – INPUTS AND PROCESSES			
S.1. There is a system for approving academic programs, revision and development.	5.0		

Indicators	IR	SIOM	PM
S.2. The process of approval of academic programs is clear to stakeholders.	5.0		
S.3. The system of approval includes alignment of resources to the Vision, Goals and Objectives.	5.0		
S.4. The system of approval reflects clear articulation of development needs of the region, nation and the world articulating the relationships and development of desired competencies.	5.0		
S.5. The system accommodates new updates in the approval of programs.	5.0	5.0	
IMPLEMENTATION			
I.1. Approval of the academic programs considers:	5.0		
I.1.1. the HEI's VMG; 5			
I.1.2. the HEI's resources; 5			
I.1.3. the development needs of the region/country; and 5			
I.1.4. its ability to ensure that programs enable students to achieve the specified intended outcomes. 5			
I.2. Committees at various levels are set up to act on proposed programs.	5.0		
I.3. Feedback from stakeholders are considered in the approval of programs.	5.0		
I.4. Program approval follows a process starting with the plan and ending with notification of action taken.	5.0		
I.5. Various committees act on the approval of programs from collegial academic discussions by the different levels namely department, college, university, and Board of Trustees/Regents.	5.0		
I.6. Academic programs are implemented in accordance with the terms and conditions set in the approval.	4.0		

Indicators	IR	SIOM	PM
I.7. Well trained faculty members facilitate student learning and are provided appropriate learning resources, facilities, and administrative support.	5.0		
I.8. There is regular evaluation of faculty performance and self evaluation of individual programs through licensure passing rates(when applicable), employment rates, and graduates and stakeholders feedbacks for program enhancement.	5.0		
I.9. The institution has policies and processes to match students' abilities and aptitudes to the demands of the programs to which they are recruited.	4.0		
I.10. The institution provides academic support to students and faculty for effective teaching and learning.	5.0		
I.11. The institution ensures the use of pedagogical skills among faculty who are not graduates of teacher education.	4.0		
I.12. Learning process is enhanced through the use of varied teaching techniques and methodologies, instructional materials, computer-aided instruction and non-traditional teaching approaches to produce desirable learning outcomes.	5.0		
I.13. The institution has programs that allow students to practice their learned competencies in view of their future careers, such as practicum, internship and on-the-job training.	5.0		
I.14. Stakeholders participate in the preparation and periodic review of syllabi which are distributed to students for effective instruction.	5.0	4.79	
OUTCOME/S			
O.1. An effective system of program approval and implementation is developed.	5.0		
O.2. The programs are consistent with Vision, Mission and Goals of the Institution.	5.0		
O.3. The objectives of the programs are consistent with the desired competencies.	5.0		

Indicators	IR	SIOM	PM
O.4. Credibility of the programs is noteworthy due to transparency of processes.	5.0	5.0	4.93
Best Practices:			
PARAMETER C: PROGRAM MONITORING AND REVIEW			
SYSTEM – INPUTS AND PROCESSES			
S.1. A system of monitoring and evaluation of programs exists in the institution.	5.0		
S.2. The institution adopts a mechanism for continuous evaluation and improvement in the delivery of academic programs.	5.0	5.0	
IMPLEMENTATION			
I.1. The institution effectively uses monitoring and reviewing the effectiveness of its programs to ensure that they remain current and valid in the light of developments in the relevant field of study and related employment opportunities.	5.0		
I.2. The institution maintains the coherence of programs by using alternative modes of delivery system.	4.0		
I.3. Programs are made to remain current and valid in the light of developments in the relevant field of study and related employment.	5.0		
I.4. The institution ensures effective link between academic planning and resource allocation	4.0		
I.5. Graduate programs (when applicable) are supported by relevant research or other advanced scholarship	4.0		
I.6. Periodic review, monitoring, and evaluation of curricular programs by stakeholders are conducted to accommodate recent trends and developments.	4.0		

Indicators		IR	SIOM	PM
I.7.	Students' progression is periodically monitored and disseminated to students and parents for appropriate action, and remedial programs are made available, if needed.	5.0		
I.8.	The results of the evaluation of student and faculty achievements as well as monitoring provide decisions on aspects to be revised and improved.	5.0		
I.9.	Academic policy review and formulation are being done within three to five years for realignment with the institution's Strategic or Development Plan.	5.0		
I.10.	The institution's monitoring system places content, design, operation and maintenance of evaluation procedure on expert designees.	5.0	4.60	
OUTCOME/S				
Quality Teaching-Learning				
O.1.	Student achievements and awards are remarkable.	5.0		
O.2.	High passing rate is evident in the Board and Licensure Exams as follows:	4.0		
	75% higher than the national passing average			
	50% higher than the national passing average			
	Equal to the national passing average			
	Below the national passing average			
O.3.	The institution is recognized in the regional and national levels for the performance of its graduates in the board and bar exams is apparent.	4.0		
O.4.	Acceptance and recognition of curricular programs are commendable in the local, national and international level for producing quality and employable graduates.	4.0		
O.5.	Graduates demonstrate the programs desired competencies.	5.0		

Indicators	IR	SIOM	PM
O.6. The programs are comparable with similar/equivalent courses of other HEI's.	5.0	4.50	4.70
Best Practices:			
PARAMETER D: ACTION TO STRENGTHEN PROGRAM			
SYSTEM – INPUTS AND PROCESSES			
S.1. There are mechanisms for disseminating good practices throughout the institution.	5.0		
S.2. There is a system for continuous improvement and innovations to strengthen programs.	5.0		
S.3. There are internal bodies (e.g. QA units, or committees) which take charge of strengthening programs.	5.0		
S.4. An external system of improving or strengthening program exists.	5.0		
S.5. The institution has an effective system of student assessment to determine students' progress and attainment of learning outcomes.	5.0	5.0	
IMPLEMENTATION			
I.1. The feedbacks from faculty, students, employers, and other stakeholders are evaluated and acted upon.	5.0		
I.2. Weaknesses in student performance are identified and appropriate actions are promptly taken.	4.0		
I.3. The institution adopts self institutional evaluation of the progress by inside experts.	5.0		

Indicators		IR	SIOM	PM
I.4.	The institution adopts likewise external evaluation and integrates the results together with the former for strengthening the programs.	5.0		
I.5.	Mechanisms are utilized through implementing policies on self evaluation by experts, internal monitoring by officials concerned and student evaluation.	5.0		
I.6.	The HEI implements improvements that address the formation of their ideal graduate, which in turn depends on their vision and HEI type.	5.0		
I.7.	The institution responds to matters that are raised through self-evaluation, formal internal monitoring, or external review.	5.0	4.86	
OUTCOME/S				
O.1.	Student Performance is remarkable.	5.0		
O.2.	Employability of graduates is high.	5.0		
O.3.	Feedback, especially effectiveness and impact of changes is proposed and implemented	5.0	5.0	
				4.95
Best Practices:				
PARAMETER E: ICT RESOURCES				
SYSTEM – INPUTS AND PROCESSES				
S.1.	The institution has provided ICT resources to support student learning.	5.0		

Indicators	IR	SIOM	PM
S.2. There is a good ratio of students to terminals and other ICT equipment.	4.0	4.50	
IMPLEMENTATION			
I.1. The institution makes effective use of Information and Communications Technology (ICT) resources to support student learning and to manage its academic and administrative programs.	4.0		
I.1.1. There is adequate allocation of state-of-the-art ICT resources to different units based on need and national standards. 4			
I.1.2. ICT resources are accessible for use by both faculty and students. 4			
I.1.3. Training for the use of ICT to support learning is periodically provided to the faculty. 4			
I.1.4. Training for the use of ICT facilities is made available to students. 4			
I.2. The established policies regarding the selection and effective use of information and communication technology resources are religiously followed.	4.0		
I.3. Adequate and continual support to effect learning on how to use ICT resources and access information in different formats are provided to faculty and students.	4.0	4.0	
OUTCOME/S			
O.1. Updated instructional materials are available.	4.0		
O.2. Students use ICT in the academic activities and are challenged to create innovative projects/outputs.	4.0		
O.3. Faculty use ICT for teaching, thus making classes interesting and challenging.	4.0	4.0	4.17

Indicators	IR	SIOM	PM
